

Module

```
graph LR; subgraph Module; Admin; Export; Framework; Service; end
```

The diagram illustrates a software module structure. A large, light beige rectangle with a dashed border is labeled 'Module' at the top center. Inside this rectangle, there is a smaller, solid beige rectangle with a thick black border. This inner rectangle contains four sub-components arranged horizontally: 'Admin' (text), 'Export' (text inside a brown box), 'Framework' (text inside a brown box), and 'Service' (text inside a brown box).

Admin
